

CITY COUNCIL

CITY AND COUNTY OF HONOLULU
HONOLULU, HAWAII

No. 14-130, CD1

RESOLUTION

PROPOSED

AUTHORIZING THE DIRECTOR OF TRANSPORTATION SERVICES OR THE DIRECTOR'S DESIGNEE TO APPLY FOR AND ENTER INTO GRANT AGREEMENT HI-90-X034 WITH THE FEDERAL TRANSIT ADMINISTRATION FOR FEDERAL TRANSPORTATION ASSISTANCE AUTHORIZED BY 49 U.S.C. CHAPTER 53, TITLE 23, UNITED STATES CODE, AND OTHER FEDERAL STATUTES ADMINISTERED BY THE FEDERAL TRANSIT ADMINISTRATION.

WHEREAS, Chapter 1, Article 8, Revised Ordinances of Honolulu 1990, as amended (ROH), provides that any intergovernmental agreement or any amendments thereto which place an obligation upon the City or any department or agency thereof shall require prior City Council consent and approval; and

WHEREAS, ROH Chapter 1, Article 8, also provides that, when carrying out the provisions of any intergovernmental agreement, all applications and/or amendments thereof, statistical data programs, reports or other official communications which support the application and which are required to be provided by the City or its component departments to any other governmental or quasi-governmental agency shall first be presented to the City Council for its review and approval prior to their transmittal; and

WHEREAS, the Federal Transit Administration (FTA) is an operating administration of the United States Department of Transportation; and

WHEREAS, the FTA has the authority to award Federal financial assistance for transportation projects; and

WHEREAS, the grants or cooperative agreements for Federal financial assistance will impose certain obligations upon the City, and may require the City to provide the local share of project costs; and

WHEREAS, the City's Application for FTA Grant HI-90-X034, a copy of which is attached hereto as Exhibit "A" and by reference made a part hereof, requests \$23,123,112.00 in Title 49 U.S.C. 5307 funds for Bus Preventive Maintenance and Job Access and Reverse Commute (JARC); and

WHEREAS, the Director of the Department of Transportation Services (DTS) desires to submit the Application to the FTA on behalf of the City; and

RESOLUTION

WHEREAS, if the FTA, following the receipt and review of the Application, approves the Application, the FTA will then offer the City \$23,123,112.00 or an amount substantially equal to \$23,123,112.00 in Title 49 U.S.C. 5307 funds for Bus Preventive Maintenance and JARC; and

WHEREAS, the FTA's offer will be in the form of a standard document entitled "Grant Agreement" (FTA G-20, October 1, 2013) which becomes Part 9 of the Application, and the combined documents will comprise the complete agreement upon execution of the Grant Agreement form by the City; and

WHEREAS, the Grant Agreement form from the FTA incorporates by reference and makes a part of the agreement the following, which set forth obligations of the City;

- (1) Federal Transit Administration Master Agreement, October 1, 2013 (<http://www.fta.dot.gov/documents/20-Master.pdf>), a copy of which was transmitted by the DTS Director to the Council by Departmental Communication No. 390, dated May 19, 2014;
- (2) The Certifications and Assurances provided to the FTA by the City, a copy of which was transmitted by the DTS Director to the Council by Departmental Communication No. 388, dated May 19, 2014, and supplemented by Departmental Communication No. 399 from the DTS Director, dated May 21, 2014; and
- (3) Any Award notification containing special conditions or requirements, if issued;

now, therefore,

BE IT RESOLVED by the Council of the City and County of Honolulu that the Application for FTA Grant HI-90-X034, attached hereto as Exhibit "A," for Federal assistance authorized by 49 U.S.C. Chapter 53 and Title 23, United States Code and other Federal statutes administered by the FTA, is hereby approved; and

BE IT FURTHER RESOLVED that the DTS Director or the Director's designee is authorized to submit the Application to the FTA on behalf of the City and County of Honolulu in substantially the form attached hereto as Exhibit "A"; and

RESOLUTION

BE IT FURTHER RESOLVED that if the FTA approves the Application and transmits the Grant Agreement form (Part 9) to the City, the DTS Director or the Director's designee is authorized to execute the Grant Agreement form on behalf of the City if the only obligations of the City are those set forth in the FTA Master Agreement and Certifications and Assurances described in (1) and (2) above; and

BE IT FURTHER RESOLVED that the DTS Director or the Director's designee is authorized to:

1. Execute any incidental or related agreements in furtherance of the above agreement, provided that such agreements and documents do not incur additional obligations on the part of the City; and
2. Make minor or editing changes, provided that no substantive additions or deletions are made;

and

BE IT FURTHER RESOLVED that if the FTA's subsequent offer to the City for Grant HI-90-X034 is made subject to any conditions, requirements, or obligations other than the above-described FTA Master Agreement and Certifications and Assurances, the DTS Director shall submit the agreement for prior consent and approval by the Council pursuant to ROH Chapter 1, Article 8; and

RESOLUTION

BE IT FINALLY RESOLVED that a copy of this Resolution be transmitted to the DTS Director at the Fasi Municipal Building, 650 South King Street, 3rd Floor, Honolulu, HI 96813.

1a. Preventive Maintenance. (STIP OC19): Reimbursement for maintenance costs incurred for fiscal year ending 6/20/2013 Close out and reported on NTD Internet Reporting, NTD ID: 9002, Agency Name: C&C of Honolulu Department of Transportation Services, Vehicle Maintenance operating expenses. \$40,241,558 = Vehicle Maintenance Total; \$32,193,246 = Maximum FTA 80% share; and \$22,491,623 = Requested Bus PM Reimbursement.

1b. JARC. (STIP OC13, OC18, & OC16):

In April 2009, the City and County of Honolulu, through its Department of Transportation Services (DTS), completed a planning and extensive public outreach process that resulted in a "Human Services Transportation Coordination Plan" (Plan). The Plan was updated in 2012 and identifies transportation gaps on Oahu for people with disabilities, seniors and people with low incomes, and provides a prioritized list of projects that meet strategic goals and objectives. The projects in this grant application were drawn from the adopted Plan and were developed through a competitive selection process that was separate from, but coordinated with, the planning process. The projects will improve transportation options for persons with low incomes through improved coordination of all publicly funded transportation on the island of Oahu.

Specifically, the funds requested in this grant application will provide for selected human service agencies to provide transportation for their own clients, for mobility management programs to provide a variety of services and functions that facilitate transportation coordination, and for a local shuttle service.

a. Agency-Provided Trips (STIP #OC13)

FTIP Consistency: Project ID: OC13 (see attachment in TEAM)

This project ranked as a top priority for the goal of improving TheHandi-Van timeliness and trip length. Honolulu's 2009 FTA Triennial Review includes a finding that "[TheHandi-Van trip] denials are an ongoing problem and the supply of service does not meet the demand for service." A key factor contributing to trip denials is the number of subscription trips during morning and evening peak travel hours, which exceeds the 50 percent maximum allowed by 49 CFR Part 37. This project will reduce TheHandi-Van's peak hour subscription demand by providing operating assistance to selected human service agencies as transportation providers serving clients who are presently carried by TheHandi-Van. The majority of these riders qualify as low-income and will use the transportation for employment-related purposes such as job training. Significant service improvements to the TheHandi-Van may eventually be realized as the program reaches sufficient size.

The JARC funds will provide transportation for clients of the subrecipient (Goodwill)'s Adult Day Health (ADH) Medicaid Waiver program. The ADH program provides group supports in self-advocacy and self-sufficiency skills for people with developmental disabilities. The Hawaii Department of Human Services (DHS) administers the Medicaid Home and Community-based Services (H&CBS) program, and the Hawaii Department of Health's Developmental Disabilities Division (DOH-DDD) operates and authorizes services for people with developmental disabilities. The main purpose of the ADH program is to develop and implement creative alternatives to placing people with developmental disabilities in an employment setting or in the community instead of hospitals or facilities. The program also focuses on vocational and job skills training, opportunities for meaningful participation in the community, the development of associations with community members, discovering ways to contribute, and establishing roles of leadership and partnerships in one's community.

The ADH program meets their clients' vocational and job skills training outcomes through partnerships with other non-profit agencies to gain real life job experience completing volunteer work, and through person-centered goals that are established at the participants' Individual Service meeting. These goals range from basic typing skills to simple food preparation classes.

The subrecipient completes quarterly quality assurance checks and summarizes these reports annually to ensure that the program is meeting the vocational training needs and goals established for its participants.

Federal assistance for the agency-provided trips project will be provided through a combination of grants:
\$88,827 — This application (FFY2013 Section 5307 Urban Area Funds)
\$206,264 — Application HI-37-X009 (FFY2012 Section 5316 Urban Area Funds – pending)
\$247,682 — Application HI-57-X009 (FFY2012 Section 5317 Urban Area funds – pending)
\$542,773 Total Federal Participation

The Department of Transportation Services will be responsible for ensuring that the required local match will be made available for the project by its funding partners. Subrecipient's match will be provided from their general funds.

b. Mobility Management (STIP #OC18; ALI 11.7L.00)
FTIP Consistency: Project ID: OC18 (see attachment in TEAM)

Mobility Management is the Plan's top priority for the goal of reducing duplication of services and increasing efficiencies through coordination. The mobility management program will provide a variety of services and functions to facilitate transportation coordination. The primary objective of mobility management is to improve access to transportation for people with disabilities, seniors, and people with low incomes by coordinating transit and human service transportation in the City and County of Honolulu. The tasks and responsibilities of the mobility management program include:

- Identifying and obtaining grant funding;
- Grant writing, management, and reporting
- Interagency coordination- identifying agency partners capable of serving needs identified in the community and developing agreements for services to meet these needs;
- Transportation information and referral services;
- Planning and managing projects that demonstrate coordinated transportation services;
- Coordination project performance monitoring;
- Managing transportation service agreements, contracts and oversight of coordination projects;
- Providing travel training for individuals with developmental and cognitive disabilities, and for adults 60 years old and older; and
- Facilitating oversight committee meetings

Federal assistance for the mobility management program will be provided through a combination of grants:

\$176,138 — Application HI-37-X009 (FFY2012 Section 5316 Urban Area Funds- pending)
\$440,662 — This application (Section 5307 Urban Area Funds*)
\$616,800 Total Federal Participation

(*Note: Section 5316 and Section 5317 funds apportioned to the Governor for urbanized areas less than

200,000 population will be transferred to the Section 5307 apportionment for Kailua (Honolulu, HI)-Kaneohe UZA #153480.)

The 20% local matching share will be provided by the Department of Transportation Services through its operating budget.

c. Local Shuttle Service (STIP #C16)

FTIP Consistency: Project ID: C16 (see attachment in TEAM)

This project was identified as the second priority in the development of the City's Coordinated Human Services Transportation Plan.

This project will maintain operation of a current shuttle service between the Kalaeloa homeless shelter sites and the Kapolei Transit Center in Leeward Oahu to connect low-income residents with employment-related transportation. People living in other areas on the island will also benefit from improved access to job opportunities in the Leeward Oahu area.

Federal assistance for the agency-provided trips project will be provided through this grant: \$102,000 — This application (Section 5307 Urban Area Funds)

SUMMARY OF PROPOSED COMMITTEE DRAFT:

**Resolution 14-130 -
FEDERAL TRANSIT ADMINISTRATION GRANT APPLICATION HI-90-X034**

PROPOSED CD1:

- A. Pursuant to the request of the Director of Transportation Services in Departmental Communication No. 504, dated June 20, 2014, amends the Resolution to conform to the draft form attached to the Communication because the wrong draft resolution was inadvertently submitted to the Council for introduction.
- B. Makes miscellaneous technical and nonsubstantive amendments.
